FREQUENTLY ASKED QUESTIONS:

- **What is a School-Based Health Center?**

A School-Based Health Center (SBHC) is similar to a doctor's office setting, but inside the school. The SBHC offers an integrated team-based care approach centered on the whole person with medical, dental, behavioral health, and referral services to ensure each child's needs are met. The Viking SBHC is staffed with a nurse practitioner, behavioral health provider and dental staff during school hours throughout the school year. The Viking SBHC provides an easy way for children to get healthcare who may not have access to any, and a convenient option for parents to get their child checked without having to leave work. These services are offered through The HealthCare Connection in partnership with Princeton Schools.

- **Who can be seen at VSBHC?**

Any student of the Princeton School District that has signed a consent form, as well as, staff and family members. We see patients from birth to end of life. Consent forms can be found on the district's Final Forms site.

- **What services are provided at the VSBHC?**

The VSBHC offers a variety of services include primary care, sports physicals, yearly child well exams, vaccines, oral assessments and sealants, behavioral/ mental health services, referrals to other medical providers, and more.

- **What insurance is accepted at the VSBHC?**

The VSBHC accepts Medicaid and Medicare plans, as well as Commercial Insurance. Commercial insurances include: Aetna, Anthem, Beech Street, Century Health, Cigna, Fiserv Health, Health Partners, Health Span, Humana, Medical Benefit, Medical Mutual, and United Health Care. Insurance packages may vary and change, so please call (513) 554-4100 for any questions.
